

IN THE ABSTRACT:

Please amend the Abstract of the Disclosure as follows.

~~The following invention refers to an equipment~~ Equipment for cold-drawing a metal wire. The equipment ~~comprises~~ includes a succession of a sleeve (5) with a cylindrical hole (8) and a threading die (11) with a conical hole (14). The sleeve (5) is inserted into a support (6) and terminates with an extension (9) inserted into ~~said~~ the conical hole (14) of the threading die (11). The support (6) has a first annular projection (20) and the threading die (11) has a second annular projection (22) coupled to ~~said~~ the first projection (20) so as to keep the sleeve (5) and the threading die (11) in position. (Fig. 1).
